2 tsp. Celtic salt

### Curry Paste:

2 lg. cloves Garlic, finely grated  
1 Tbsp. Fresh ginger, finely  
grated  
1 cup Fresh cilantro  
1 cup Fresh mint  
 $\frac{1}{4}$  -  $\frac{1}{2}$  cup Water

### Dry Spice Mix:

1 Tbsp. Turmeric  
 $\frac{1}{2}$  tsp. Cardamom pods  
1  $\frac{1}{4}$  tsp. Coriander  
 $\frac{1}{4}$  tsp. Fenugreek seeds  
 $\frac{1}{8}$  tsp. Cayenne pepper  
(optional)

### Directions

The day before, soak lentils and chickpeas. Rinse soaked lentils and chickpeas several times then cook until soft. Drain and set aside.

Preheat oven to 350° F. Brush a little oil on cut pumpkin/squash and place on baking tray in oven. Bake until golden brown.

Add the cooked and drained lentils and chickpeas, and the blended curry paste with the oil and salt. Allow this mixture to gently simmer for approximately 10 minutes. Gently fold through the baked pumpkin/squash and spinach leaves.

## Antonietta's Eggplant/Zucchini Lasagna

### Ingredients:

- 1 qt. Fresh tomato sauce
- 4 Eggplants
- 2 Zucchini
- 3 Tbsp. Avocado oil
- 8 cloves Garlic
- 1 pkg. Extra firm tofu
- 2 tsp Garlic powder
- 2 tsp Onion powder
- 1 Tbsp. Lemon juice
- 1 tsp Salt or to taste

### Directions:

1. Preheat oven to 400°F.
2. Peel eggplants and slice lengthwise, about ¼ inch thick.
3. Sprinkle a little salt on each slice and let stand for 1 hour in a 9x13 pan. Eggplant will release its liquid, so drain it off every once in a while.
4. Blend the avocado oil with garlic cloves and pour over the eggplants. Toss with your hands gently until eggplants are coated evenly (wear gloves).
5. Using a non-stick cookie sheet, make 1 layer. Bake, on the **bottom rack**, until the eggplants are golden, flipping once (about 20 minutes on each side).
6. Remove from oven and set aside.
7. Slice the zucchini lengthwise ¼ inch thick. Sprinkle with salt and bake in the 400°F oven (**bottom rack**) until both sides are slightly golden. Let cool on paper towels to soak up the liquid.
8. Turn oven down to 350°F to bake the lasagna.

### Tofu Filling:

Squeeze water out of the tofu and mash with a fork or your hands. Add lemon juice, garlic powder, onion powder, and salt to taste.

Layer in the following order, in a lightly sprayed non-stick 9x13 baking pan:

Tomato sauce

Slices of eggplant covering the pan

Tomato sauce

Tofu filling – small spoonful's in rows (save some for the top)

Zucchini slices

Repeat layers until ingredients are gone. Top layers should be eggplant, tomato sauce, and sprinkle of tofu filling. Bake at 350°F until the lasagna is bubbly, about 20 minutes. If there is too much liquid, take paper towels and “sop” up the excess.

### FRESH TOMATO SAUCE

- 2 lbs. Roma tomatoes
- 3 cloves Garlic, minced
- 2 Tbsp. Avocado oil
- Fresh basil, chopped medium
- Salt, to taste

Boil enough water to cover the tomatoes. Add tomatoes to boiling water, let boil for 2-3 min, drain.

Peel & chop tomatoes. In a saucepan, sauté the garlic in avocado oil, add tomatoes. Cook for 15-20 minutes.

Put tomatoes in food processor 10 seconds, then put back into saucepan. Add chopped basil, and salt.

### Breading Meal:

Toast 1 cup sesame seeds in a skillet, on medium-high heat. Stir constantly until browned and starts to crackle (about 5 minutes). Remove from heat, add ½ tsp. salt, and blend on high to fine texture (it will stick to the eggplant better).

½ tsp.	Garlic powder
¾ tsp.	Dried basil

## Walnut Olive Burgers

[Yields: 14]

### Ingredients

1 cup Walnuts, ground  
1 can Olives (1 cup minimum)  
¼ cup Water  
3 ½ cups Old-fashioned rolled oats

1 Onion, quartered for blending  
1 ¾ cups Water  
1 tsp. Salt  
½ tsp. each: Sage, thyme, onion/garlic powders  
¼ tsp. Marjoram or oregano

### Directions

You will use the blender three times. The texture of the burgers is dependent upon closely following the directions.

- 1) Blend the first cup of walnuts. Empty into a mixing bowl.
- 2) Puree olives with ¼ cup water. Empty puree into the mixing bowl with the ground walnuts.
- 3) Add the rolled oats to the mixing bowl.
- 4) Blend the rest of the ingredients until smooth. Add to mixing bowl and stir thoroughly. Let rest 15-20 minutes. Preheat oven to 350°F. Lightly spray two cookie sheets or line with parchment paper. Form burgers using ¼ measuring cup. (For perfect form and height, use Mason canning ring and seal to form patty. It is slower, but the presentation is superior.)  
Bake the first side 25 minutes. After turning burgers, bake the second side 15 minutes.  
Serve as a main dish with gravy or as a “garden” burger. Delicious!

½ tsp.	Salt	
1 Tbsp.	Tamari	
1 tsp.	Garlic powder

## Chickpea Bake

1 cup	Chickpeas, cooked
1	Onion, diced
2 med.	Carrots, sliced
1 stalk	Celery, sliced
½ head	Cauliflower, cut into florets
1 head	Broccoli, cut into florets
1 – 2 tsp.	Tarragon (can use oregano or fresh parsley if you don't have tarragon)

### Sauce:

½ cup	Cashews
½ cup	Sunflower seeds
½ cup	White sesame seeds
2 cups	Water
2 tsp.	Onion powder
½ tsp.	Garlic powder

### Gluten free topping:

Small handful each of walnuts, pumpkin seeds, and sesame seeds. (can substitute any other nut or seed)

1 tsp.	Onion powder
½ tsp.	Garlic powder
1Tbsp.	Tahini
	Salt to taste

### Directions

Sauté onion, add about a cup of water, bring to a boil, and add remaining vegetables, tarragon and cooked chickpeas, and steam lightly. Do not overcook in order to keep the vibrant colors. Do not drain water out – it will be used.

For sauce, add all ingredients to blender, and blend until very smooth. Then add sauce to cooked vegetables and bring to a boil. The cashews should thicken the sauce. If necessary, add a little cornflour mixed with water to achieve a better sauce consistency. Add salt to taste. Adjust seasonings.

Try this dish as it is, with pasta, or you can add your favorite crumble topping and bake it in the oven. Do not overcook, as the end result should taste light and fresh.

For topping, blend nuts and seeds in blender until fine and place in bowl. Add the rest of the ingredients. Rub through with fingers until the mixture resembles breadcrumbs.

Place hot chickpea vegetable mixture in casserole dish, and sprinkle topping over it.

Bake at 350°F about 10 minutes until lightly browned.

Sourdough is the product of two micro-organisms. The wild yeast makes the bread rise, and the bacteria, primarily lacto-bacilli, produces the sour flavor.

Lacto-bacilli produce the flavor by fermentation, which also prevents spoilage.

Fermentation is the process by which a variety of bacterial organisms act on food to reproduce a variety of different textures, flavor, and aromas. As each culture is a mixture of several strains of yeast and lactobacilli, some leaven rapidly, some slowly, just as some are mild and some are strong.

You can capture your own wild culture by combining **2 cups flour and 1 cup water**. Mix well and cover with cheesecloth. Let this sit outside. Stir twice in 24 hours.

If you are successful, a 2-inch foam will form on the top of your mixture.

## Millet Burger Buns, Pizza Crust, & Dinner Rolls (Gluten-Free)

2 ½ cups	Millet flour
1 cup	Tapioca flour
½ + ⅓ cup + 1 T.	Flaxseed meal
6 Tbsp.	Chia seed meal

¼ cup	Avocado oil (light, not extra virgin)
2 cups	Hot water (110-115°F)

Pre-heat oven to 400°F. Flour your hands and gently knead—should take no more than 30 seconds of kneading. It should now have a nice, moldable texture, not too sticky. If too sticky add a couple of tablespoons of flour.

### **Burger Buns:** (Yields: 8)

Divide the dough evenly into 8 balls, shaping them into 4" round buns and place them on an oiled baking sheet.

Let rise for 15-25 minutes in a warm place, until size doubles. The heat from the oven helps it rise and then your oven is ready when the rising is finished.

Bake for 30 minutes. Remove from the oven and cool on a rack. Cool thoroughly before storing. Keeps one week in the refrigerator or freeze for later use.

**Pizza Crust:** (Yields: 4 pizza crusts, 8-inch OR 2 pizza crusts, 12-inch)

Divide the dough evenly into 4 OR 2 balls. Flatten by hand on 8" or 12" oiled pizza pans and prick with fork.

Let rise for 15-25 minutes in a warm place, until size doubles. The heat from the oven helps it rise and then your oven is ready when the rising is finished.

Bake for 7 minutes, then spoon pizza sauce on the crust and add your favorite pizza toppings. Bake at 350°F for an additional 15 minutes.

**Dinner Rolls:** (Yields: 18 dinner rolls)

Divide the dough evenly into 18 balls, rolling them into rolls and place them in an oiled 9"x13" baking dish.

Let rise for 15-25 minutes in a warm place, until size doubles. The heat from the oven helps it rise and then your oven is ready when the rising is finished.

Bake for 40 minutes or until toothpick comes out clean. Remove from the oven and cook on a rack. Serve warm. Cool thoroughly before storing. Keeps one week in the refrigerator or freeze for later use.

## Nut Milk

### Ingredients

2 cups	Raw nuts
4 cups	Filtered water
2	Dates, pitted
1 tsp.	Vanilla or maple flavoring, optional
½ tsp.	Sea salt

### Directions

Soak nuts (almonds, walnuts, or Brazil nuts) in 2 quarts of water for 8-12 hours. Afterward, drain off the water and rinse them thoroughly. Please note that the nuts will swell to almost double their original size. You still want to use all of them.

Place all of the soaked nuts in the blender and add the rest of the ingredients.

Blend until everything has a very thick consistency. Line a large bowl with a flour cloth or nut milk bag and pour the mixture into it. Holding the cloth, squeeze the cloth/bag until all the liquid has been strained out.

Pour the strained milk into a two-quart jar and add more water to top it off (approx. another 4 cups).

Keeps 3-4 days in the refrigerator.

## Heavy Metal Detox

Ingredients		Directions
2 cups	Fresh coriander (aka cilantro), packed (Vitamin A)	Process the coriander and flaxseed oil in a blender until the coriander is chopped.
½ cup	Flaxseed oil	
4 cloves	Garlic	Add the garlic, nuts and seeds, dulse and lemon juice and mix until the mixture is finely blended into a paste. Add salt to taste and blend again.
⅓ cup	Brazil nuts (selenium)	
⅓ cup	Sunflower seeds (cysteine)	Store in dark glass jars, if possible. It freezes well, so purchase coriander in season and fill enough jars to last throughout the year.
⅓ cup	Pumpkin seeds (zinc, magnesium)	
4 Tbsp.	Lemon juice (Vitamin C)	
2 tsp	Dulse powder	**Coriander (cilantro) has been proven to chelate toxic metals from our bodies in a relatively short period of time. Combined with the benefits of the other ingredients, this recipe is a powerful tissue cleanser. Two teaspoons of this pesto daily for three weeks are purportedly enough to increase the urinary excretion of mercury, lead and aluminum, thus, effectively removing these toxic metals from our bodies. Consider doing this cleanse for three weeks at least once a year. The pesto is delicious on toast, baked potatoes, and pasta.**
Pinch	Himalayan salt to taste
